| Immunogen                  | His888~Ala1210                                                                                                                                                                                                                                                |
| Product Description        | The Epidermal Growth Factor Receptor (EGFR) Monoclonal Antibody is applicable for the following applications: WB, IHC, ICC, IP. Host: Mouse. Species Reactivity: Human (Homo sapiens). Immunogen: His888~Ala1210. Accession Number: P00533. Gene ID: 1956.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 1mg/ml                                                                                                                                                                                                                                                        |
| NCBI                       | <a href="#">1956</a>                                                                                                                                                                                                                                          |
| Buffer                     | 0.01M PBS, pH7.4, containing 0.05% Proclin-300, 50% glycerol                                                                                                                                                                                                  |
| Purity                     | Protein A + Protein G affinity chromatography                                                                                                                                                                                                                 |
