| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Application                | Control, SDS-PAGE, WB                                                                                                                                                                                                                                         |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                  |
| Product Description        | Accession Number: P17936. Activity: Not Tested. Endotoxin Level: <1.0EU/ug, by the LAL method. Expiration: Stable for 12 months if correctly stored. Expression Region: Gly135~Thr277. Isoelectric Point: 9.3. Protein Type: Prokaryotic Protein. Quality ... |
| Molecular Weight           | 30kDa                                                                                                                                                                                                                                                         |
| Tag                        | Two N-Terminal Tags, His-tag and SUMO-tag                                                                                                                                                                                                                     |
| NCBI                       | <a href="#">3486</a>                                                                                                                                                                                                                                          |
| Buffer                     | PBS, pH7.4, containing 0.01% SKL, 1mM DTT, 5% Trehalose and Proclin300.                                                                                                                                                                                       |

|                   |                                              |
|-------------------|----------------------------------------------|
| Expression System | Prokaryotic expression                       |
| Purity            | >90% by SDS-PAGE                             |
| Form              | Freeze-dried powder                          |
| Target            | Insulin Like Growth Factor Binding Protein 3 |
