| Category                   | Kits/Assays                                                                                                                                                                                                                                  |
| Application                | ELISA                                                                                                                                                                                                                                        |
| Species Reactivity         | Human                                                                                                                                                                                                                                        |
| Product Description        | This Human Calpain, Small Subunit 1 (CAPNS1) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Range                      | 0.312-20ng/mL                                                                                                                                                                                                                                |
| Sensitivity                | 0.133ng/mL                                                                                                                                                                                                                                   |
| NCBI                       | <a href="#">80760</a>                                                                                                                                                                                                                        |
