| Category                   | Kits/Assays                                                                                                                     |
| Species Reactivity         | Bovine                                                                                                                          |
| Product Description        | This Bovine Casein Beta (CSN2) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in milk.... |
| Range                      | 78.125-5000ng/mL                                                                                                                |
| Sensitivity                | 27ng/mL                                                                                                                         |
| NCBI                       | <a href="#">14459</a>                                                                                                           |
| UniProt                    | <a href="#">P48757</a>                                                                                                          |
| Samples                    | milk.                                                                                                                           |
| Application Notes          | Assay Length: 4.5 hours .Experimental Method: Sandwich                                                                          |
