| Product Description        | This Rat Cytochrome P450 11B1 (CYP11B1) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in tissue homogenates, cell lysates and other biological fluids.... |
| Range                      | 0.781-50ng/mL                                                                                                                                                                                    |
| Sensitivity                | 0.29ng/mL                                                                                                                                                                                        |
| NCBI                       | <a href="#">397468</a>                                                                                                                                                                           |
| UniProt                    | <a href="#">P01356</a>                                                                                                                                                                           |
| Samples                    | tissue homogenates, cell lysates and other biological fluids.                                                                                                                                    |
| Application Notes          | Assay Length: 4.5 hours .Experimental Method: Sandwich                                                                                                                                           |
