| Product Description        | This Mouse Divalent Metal Transporter 1 (DMT1) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in tissue homogenates, cell lysates and other biological fluids.... |
| Range                      | 0.312-20ng/mL                                                                                                                                                                                           |
| Sensitivity                | 0.109ng/mL                                                                                                                                                                                              |
| NCBI                       | <a href="#">14601</a>                                                                                                                                                                                   |
| UniProt                    | <a href="#">P16043</a>                                                                                                                                                                                  |
| Samples                    | tissue homogenates, cell lysates and other biological fluids.                                                                                                                                           |
| Application Notes          | Assay Length: 4.5 hours .Experimental Method: Sandwich                                                                                                                                                  |
