| Category                   | Kits/Assays                                                                                                                                                                                                                        |
| Application                | ELISA                                                                                                                                                                                                                              |
| Species Reactivity         | Rat                                                                                                                                                                                                                                |
| Product Description        | This Rat Dipeptidyl Peptidase IV (DPP4) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Range                      | 62.5-4000pg/mL                                                                                                                                                                                                                     |
| Sensitivity                | 26pg/mL                                                                                                                                                                                                                            |
| NCBI                       | <a href="#">8714</a>                                                                                                                                                                                                               |
