| Application                | ELISA                                                                                                                                                                                                                                              |
| Species Reactivity         | Rat                                                                                                                                                                                                                                                |
| Product Description        | This Rat Gamma-Secretase Activating Protein (gSAP) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Range                      | 0.312-20ng/mL                                                                                                                                                                                                                                      |
| Sensitivity                | 0.113ng/mL                                                                                                                                                                                                                                         |
