| Application                | ELISA                                                                                                                                                                                                                                               |
| Species Reactivity         | Human                                                                                                                                                                                                                                               |
| Product Description        | This Human Phospholipase A2, Calcium Independent (iPLA2) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Range                      | 78.125-5000pg/mL                                                                                                                                                                                                                                    |
| Sensitivity                | 32pg/mL                                                                                                                                                                                                                                             |
