| Product Description        | This Rat Osteocrin (OSTN) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Range                      | 0.156-10ng/mL                                                                                                                                                                                                                            |
| Sensitivity                | 0.057ng/mL                                                                                                                                                                                                                               |
