| Category                   | Kits/Assays                                                                                                                                                                                    |
| Species Reactivity         | Human                                                                                                                                                                                          |
| Product Description        | This Human Aminolevulinate Delta Synthase 1 (ALAS1) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in tissue homogenates and other biological fluids.... |
| Range                      | 0.312-20ng/mL                                                                                                                                                                                  |
| Sensitivity                | 0.131ng/mL                                                                                                                                                                                     |
| NCBI                       | <a href="#">14205</a>                                                                                                                                                                          |
| UniProt                    | <a href="#">P97946</a>                                                                                                                                                                         |
| Samples                    | tissue homogenates and other biological fluids.                                                                                                                                                |
| Application Notes          | Assay Length: 3 hours.Experimental Method: Sandwich                                                                                                                                            |
