| Category                   | Kits/Assays                                                                                                                                                                                                                                       |
| Application                | ELISA                                                                                                                                                                                                                                             |
| Species Reactivity         | Human                                                                                                                                                                                                                                             |
| Product Description        | This Human Carbonic Anhydrase VB, Mitochondrial (CA5B) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Range                      | 0.156-10ng/mL                                                                                                                                                                                                                                     |
| Sensitivity                | 0.058ng/mL                                                                                                                                                                                                                                        |
