| Application                | ELISA                                                                                                                                                                                                                                                         |
| Species Reactivity         | Bovine                                                                                                                                                                                                                                                        |
| Product Description        | This Bovine Cluster Of Differentiation 40 Ligand (CD40L) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates, cell lysates and other biological fluids . This product i... |
| Range                      | 0.625-40ng/mL                                                                                                                                                                                                                                                 |
| Sensitivity                | 0.18ng/mL                                                                                                                                                                                                                                                     |
