| Product Description        | This Human Canopy 2 Homolog (CNPY2) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in tissue homogenates, cell lysates and other biological fluids.... |
| Range                      | 0.156-10ng/mL                                                                                                                                                                                |
| Sensitivity                | 0.062ng/mL                                                                                                                                                                                   |
| NCBI                       | <a href="#">22287</a>                                                                                                                                                                        |
| UniProt                    | <a href="#">Q06318</a>                                                                                                                                                                       |
| Samples                    | tissue homogenates, cell lysates and other biological fluids.                                                                                                                                |
| Application Notes          | Assay Length: 3 hours.Experimental Method: Sandwich                                                                                                                                          |
