| Product Description        | This Human Forkhead Box Protein O3 (FOXO3) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in tissue homogenates and other biological fluids.... |
| Range                      | 0.312-20ng/mL                                                                                                                                                                         |
| Sensitivity                | 0.16ng/mL                                                                                                                                                                             |
| NCBI                       | <a href="#">2158</a>                                                                                                                                                                  |
| UniProt                    | <a href="#">P00740</a>                                                                                                                                                                |
| Samples                    | tissue homogenates and other biological fluids.                                                                                                                                       |
| Application Notes          | Assay Length: 3 hours.Experimental Method: Sandwich                                                                                                                                   |
