| Application                | ELISA                                                                                                                                                                                                                                                         |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Product Description        | This Human Glyceraldehyde-3-Phosphate Dehydrogenase (GAPDH) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates, cell lysates, cell culture supernatants and other biological fluids .... |
| Range                      | 1.56-100ng/mL                                                                                                                                                                                                                                                 |
| Sensitivity                | 0.57ng/mL                                                                                                                                                                                                                                                     |
| NCBI                       | <a href="#">25443</a>                                                                                                                                                                                                                                         |
| UniProt                    | <a href="#">P70492</a>                                                                                                                                                                                                                                        |
| Samples                    | tissue homogenates, cell lysates, cell culture supernatants and other biological fluids                                                                                                                                                                       |
| Target                     | Human Glyceraldehyde-3-Phosphate Dehydrogenase (GAPDH)                                                                                                                                                                                                        |

|                   |                                                      |
|-------------------|------------------------------------------------------|
| Application Notes | Assay Length: 3 hours. Experimental Method: Sandwich |
