| Category                   | Kits/Assays                                                                                                                                                                                                                                     |
| Application                | ELISA                                                                                                                                                                                                                                           |
| Species Reactivity         | Human                                                                                                                                                                                                                                           |
| Product Description        | This Human Glutathione S Transferase Alpha 4 (GSTa4) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Range                      | 3.12-200U/L                                                                                                                                                                                                                                     |
| Sensitivity                | 1.07U/L                                                                                                                                                                                                                                         |
