| Product Description        | This Rat Interleukin 17 (IL17) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates, cell lysates, cell culture supernatants and other biological fluids . This product ... |
| Range                      | 78.1-5000pg/mL                                                                                                                                                                                                                                                |
| Sensitivity                | 31pg/mL                                                                                                                                                                                                                                                       |
