| Application                | ELISA                                                                                                                                                                                                                                       |
| Species Reactivity         | Rat                                                                                                                                                                                                                                         |
| Product Description        | This Rat Kallikrein 1 (KLK1) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Range                      | 0.156-10ng/mL                                                                                                                                                                                                                               |
| Sensitivity                | 0.064ng/mL                                                                                                                                                                                                                                  |
