| Product Description        | This Mouse Microtubule Associated Protein 2 (MAP2) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use O... |
| Range                      | 0.156-10ng/mL                                                                                                                                                                                                                                                 |
| Sensitivity                | 0.053ng/mL                                                                                                                                                                                                                                                    |
