| Category                   | Kits/Assays                                                                                                                                                                                                                                                   |
| Application                | ELISA                                                                                                                                                                                                                                                         |
| Species Reactivity         | Mouse                                                                                                                                                                                                                                                         |
| Product Description        | This Mouse Mitochondrial Methionyl tRNA Formyltransferase (MTFMT) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates, cell lysates and other biological fluids . This product is for ... |
| Range                      | 0.156-10ng/mL                                                                                                                                                                                                                                                 |
| Sensitivity                | 0.055ng/mL                                                                                                                                                                                                                                                    |
| NCBI                       | <a href="#">6359</a>                                                                                                                                                                                                                                          |
| UniProt                    | <a href="#">Q16663</a>                                                                                                                                                                                                                                        |
| Samples                    | tissue homogenates, cell lysates and other biological fluids                                                                                                                                                                                                  |
| Target                     | Mouse Mitochondrial Methionyl tRNA Formyltransferase (MTFMT)                                                                                                                                                                                                  |

|                   |                                                      |
|-------------------|------------------------------------------------------|
| Application Notes | Assay Length: 3 hours. Experimental Method: Sandwich |
