| Category                   | Kits/Assays                                                                                                                                                                                                         |
| Application                | ELISA                                                                                                                                                                                                               |
| Species Reactivity         | Human                                                                                                                                                                                                               |
| Product Description        | This Human Motilin (MTL) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Range                      | 15.6-1000pg/mL                                                                                                                                                                                                      |
| Sensitivity                | 4.28pg/mL                                                                                                                                                                                                           |
| NCBI                       | <a href="#">4192</a>                                                                                                                                                                                                |
| UniProt                    | <a href="#">P21741</a>                                                                                                                                                                                              |
| Samples                    | serum, plasma and other biological fluids                                                                                                                                                                           |
| Target                     | Human Motilin (MTL)                                                                                                                                                                                                 |
| Application Notes          | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                |
