| Category                   | Kits/Assays                                                                                                                                                                                                                              |
| Application                | ELISA                                                                                                                                                                                                                                    |
| Species Reactivity         | Human                                                                                                                                                                                                                                    |
| Product Description        | This Human Mucin 6 (MUC6) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Range                      | 0.312-20ng/mL                                                                                                                                                                                                                            |
| Sensitivity                | 0.115ng/mL                                                                                                                                                                                                                               |
