| Category                   | Kits/Assays                                                                                                                                                           |
| Species Reactivity         | Human                                                                                                                                                                 |
| Product Description        | This Human RIO Kinase 1 (RIOK1) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in serum, plasma and other biological fluids.... |
| Range                      | 0.312-20ng/mL                                                                                                                                                         |
| Sensitivity                | 0.097ng/mL                                                                                                                                                            |
| NCBI                       | <a href="#">6352</a>                                                                                                                                                  |
| UniProt                    | <a href="#">P13501</a>                                                                                                                                                |
| Samples                    | serum, plasma and other biological fluids.                                                                                                                            |
| Application Notes          | Assay Length: 3 hours.Experimental Method: Sandwich                                                                                                                   |
