| Application                | ELISA                                                                                                                                                                                                                                            |
| Species Reactivity         | Human                                                                                                                                                                                                                                            |
| Product Description        | This Human Semaphorin 3F (SEMA3F) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Range                      | 46.8-3000pg/mL                                                                                                                                                                                                                                   |
| Sensitivity                | 19.25pg/mL                                                                                                                                                                                                                                       |
