| Application                | ELISA                                                                                                                                                                                                                                          |
| Species Reactivity         | Rat                                                                                                                                                                                                                                            |
| Product Description        | This Rat Slit Homolog 3 (Slit3) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Range                      | 0.156-10ng/mL                                                                                                                                                                                                                                  |
| Sensitivity                | 0.061ng/mL                                                                                                                                                                                                                                     |
