| Product Description        | This Human Suppressors Of Cytokine Signaling 3 (SOCS3) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in tissue homogenates, cell lysates and other biological fluids.... |
| Range                      | 15.6-1000pg/mL                                                                                                                                                                                                  |
| Sensitivity                | 6.4pg/mL                                                                                                                                                                                                        |
| NCBI                       | <a href="#">6586</a>                                                                                                                                                                                            |
| UniProt                    | <a href="#">O75094</a>                                                                                                                                                                                          |
| Samples                    | tissue homogenates, cell lysates and other biological fluids.                                                                                                                                                   |
| Application Notes          | Assay Length: 3 hours.Experimental Method: Sandwich                                                                                                                                                             |
