| Product Description        | This Human Serine Palmitoyltransferase, Long Chain Base Subunit 3 (SPTLC3) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in tissue homogenates and other biological fluids.... |
| Range                      | 0.156-10ng/mL                                                                                                                                                                                                         |
| Sensitivity                | 0.058ng/mL                                                                                                                                                                                                            |
| NCBI                       | <a href="#">24773</a>                                                                                                                                                                                                 |
| UniProt                    | <a href="#">P08427</a>                                                                                                                                                                                                |
| Samples                    | tissue homogenates and other biological fluids.                                                                                                                                                                       |
| Application Notes          | Assay Length: 3 hours.Experimental Method: Sandwich                                                                                                                                                                   |
