| Product Description        | This Human TANK Binding Kinase 1 (TBK1) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in tissue homogenates, cell lysates and other biological fluids.... |
| Range                      | 0.312-20ng/mL                                                                                                                                                                                    |
| Sensitivity                | 0.112ng/mL                                                                                                                                                                                       |
| NCBI                       | <a href="#">280937</a>                                                                                                                                                                           |
| UniProt                    | <a href="#">P20488</a>                                                                                                                                                                           |
| Samples                    | tissue homogenates, cell lysates and other biological fluids.                                                                                                                                    |
| Application Notes          | Assay Length: 3 hours.Experimental Method: Sandwich                                                                                                                                              |
