| Category                   | Kits/Assays                                                                                                                                                          |
| Species Reactivity         | Porcine                                                                                                                                                              |
| Product Description        | This Porcine Transferrin (TRF) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in serum, plasma and other biological fluids.... |
| Range                      | 0.312-20ng/mL                                                                                                                                                        |
| Sensitivity                | 0.105ng/mL                                                                                                                                                           |
| NCBI                       | <a href="#">22070</a>                                                                                                                                                |
| UniProt                    | <a href="#">P63028</a>                                                                                                                                               |
| Samples                    | serum, plasma and other biological fluids.                                                                                                                           |
| Application Notes          | Assay Length: 3 hours.Experimental Method: Sandwich                                                                                                                  |
