| Product Description        | This Human Kunitz-type Protease Inhibitor 1 (SPINT1) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids.... |
| Range                      | 0.156-10ng/mL                                                                                                                                                                                                  |
| Sensitivity                | 0.061ng/mL                                                                                                                                                                                                     |
| NCBI                       | <a href="#">6692</a>                                                                                                                                                                                           |
| UniProt                    | <a href="#">O43278</a>                                                                                                                                                                                         |
| Samples                    | serum, plasma, tissue homogenates and other biological fluids.                                                                                                                                                 |
| Application Notes          | Assay Length: 4.5 hours .Experimental Method: Sandwich                                                                                                                                                         |
