| Product Description        | This Mouse Transglutaminase 2, Tissue (TGM2) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in tissue homogenates, cell lysates, cell culture supernatants and other biological fluids.... |
| Range                      | 0.156-10ng/mL                                                                                                                                                                                                                    |
| Sensitivity                | 0.058ng/mL                                                                                                                                                                                                                       |
| NCBI                       | <a href="#">6097</a>                                                                                                                                                                                                             |
| UniProt                    | <a href="#">P51449</a>                                                                                                                                                                                                           |
| Samples                    | tissue homogenates, cell lysates, cell culture supernatants and other biological fluids.                                                                                                                                         |
| Application Notes          | Assay Length: 4.5 hours .Experimental Method: Sandwich                                                                                                                                                                           |
