| Category                   | Kits/Assays                                                                                                                                                                                                                    |
| Application                | ELISA                                                                                                                                                                                                                          |
| Species Reactivity         | Mouse                                                                                                                                                                                                                          |
| Product Description        | This Mouse Tumor Protein p53 (TP53) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Range                      | 6.25-400pg/mL                                                                                                                                                                                                                  |
| Sensitivity                | 2.46pg/mL                                                                                                                                                                                                                      |
| NCBI                       | <a href="#">23409</a>                                                                                                                                                                                                          |
| UniProt                    | <a href="#">Q9Y6E7</a>                                                                                                                                                                                                         |
| Samples                    | serum, plasma and other biological fluids                                                                                                                                                                                      |
| Target                     | Mouse Tumor Protein p53 (TP53)                                                                                                                                                                                                 |
| Application Notes          | Assay Length: 4.5 hours. Experimental Method: Sandwich                                                                                                                                                                         |
