| Category                   | Kits/Assays                                                                                                                                                                                                           |
| Application                | ELISA                                                                                                                                                                                                                 |
| Species Reactivity         | Equine                                                                                                                                                                                                                |
| Product Description        | This Equine Tryptase (TPS) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Range                      | 0.625-40ng/mL                                                                                                                                                                                                         |
| Sensitivity                | 0.229ng/mL                                                                                                                                                                                                            |
| NCBI                       | <a href="#">83467</a>                                                                                                                                                                                                 |
| UniProt                    | <a href="#">O88280</a>                                                                                                                                                                                                |
| Samples                    | serum, plasma and other biological fluids                                                                                                                                                                             |
| Target                     | Equine Tryptase (TPS)                                                                                                                                                                                                 |
| Application Notes          | Assay Length: 4.5 hours. Experimental Method: Sandwich                                                                                                                                                                |
