| Species Reactivity         | Mouse                                                                                                                                                                                                               |
| Immunogen                  | Expression system for standard: E.coli, Immunogen sequence: A18-K141                                                                                                                                                |
| Product Description        | Mouse GM-CSF ELISA Kit EZ-Set(TM) (DIY Antibody Pairs) (antibody pairs and standards for assay development). Quantitate Mouse Csf2 in cell culture supernatants, cell lysates, serum and plasma (heparin, EDTA).... |
| Molecular Weight           | 16091 MW                                                                                                                                                                                                            |
| Range                      | 15.6 pg/ml - 1,000 pg/ml                                                                                                                                                                                            |
| UniProt                    | <a href="#">Q14AD9</a>                                                                                                                                                                                              |
| Samples                    | cell culture supernatants, cell lysates, serum and plasma (heparin, EDTA).                                                                                                                                          |
