| Species Reactivity         | Bovine                                                                                                                                                                                                |
| Immunogen                  | Expression system for standard: E.coli, Immunogen sequence: G49-A118                                                                                                                                  |
| Product Description        | Bovine IGF-1 ELISA Kit EZ-Set(TM) (DIY Antibody Pairs) (antibody pairs and standards for assay development). Quantitate Human IGF1 in cell culture supernatants, serum and plasma (heparin, EDTA).... |
| Molecular Weight           | 21841 MW                                                                                                                                                                                              |
| Range                      | 156 pg/ml - 10,000 pg/ml                                                                                                                                                                              |
| UniProt                    | <a href="#">P05019</a>                                                                                                                                                                                |
| Samples                    | cell culture supernatants, serum and plasma (heparin, EDTA).                                                                                                                                          |
