| Product Description        | Pd(II) Mesoporphyrin IX is a biochemical reagent that can be used as a biological material or organic compound for life science related research.... |
| Molecular Weight           | 671.09                                                                                                                                               |
| CAS Number                 | [40680-45-3]                                                                                                                                         |
| Formula                    | C34H36N4O4Pd                                                                                                                                         |
| Target                     | Biochemical Assay Reagents                                                                                                                           |
| Application Notes          | MCE Product type: Biochemical Assay Reagents                                                                                                         |
