| Category                   | Biochemikalien                                                                                                                                                                          |
| Product Description        | Palmitoyldocosahexaenoyl Phosphatidylcholine-d9 (1-Palmitoyl-2-docosahexaenoyl-sn-glycero-3-phosphocholine-d9) is deuterium labeled Palmitoyldocosahexaenoyl Phosphatidylcholine[1].... |
| Molecular Weight           | 815.16                                                                                                                                                                                  |
| Formula                    | C46H71D9NO8P                                                                                                                                                                            |
| Target                     | Isotope-Labeled Compounds                                                                                                                                                               |
| Application Notes          | MCE Product type: Isotope-Labeled Compounds                                                                                                                                             |
