| Manufacturer               | MedchemExpress                                                                                                                   |
| Category                   | Biochemikalien                                                                                                                   |
| Product Description        | ML-097 (CID-2160985) is a pan Ras-related GTPases activator that can activate Rac1, cell division cycle 42, Ras, and Rab7[1].... |
| Molecular Weight           | 307.14                                                                                                                           |
| Purity                     | 99.90                                                                                                                            |
| CAS Number                 | [743456-83-9]                                                                                                                    |
| Formula                    | C14H11BrO3                                                                                                                       |
| Target                     | Ras                                                                                                                              |
| Application Notes          | MCE Product type: Reference compound                                                                                             |
