| Manufacturer               | MedchemExpress                                                                                                                        |
| Category                   | Kits/Assays                                                                                                                           |
| Product Description        | NDSB-195 is a biochemical reagent that can be used as a biological material or organic compound for life science related research.... |
| Molecular Weight           | 195.28                                                                                                                                |
| Purity                     | 99.93                                                                                                                                 |
| CAS Number                 | [160255-06-1]                                                                                                                         |
| Formula                    | C7H17NO3S                                                                                                                             |
| Target                     | Biochemical Assay Reagents                                                                                                            |
| Application Notes          | MCE Product type: Biochemical Assay Reagents                                                                                          |
