| Manufacturer               | MedchemExpress                                                                                                                                               |
| Category                   | Biochemikalien                                                                                                                                               |
| Product Description        | DP00477 is a potent IDO1 (indoleamine 2,3-dioxygenase 1) inhibitor with an IC50 value of 7.0 µM. DP00477 has the potential for the research of cancer[1].... |
| Molecular Weight           | 397.80                                                                                                                                                       |
| Purity                     | 98.21                                                                                                                                                        |
| CAS Number                 | [169120-56-3]                                                                                                                                                |
| Formula                    | C17H11ClF3N3OS                                                                                                                                               |
| Target                     | Indoleamine 2,3-Dioxygenase (IDO)                                                                                                                            |
| Application Notes          | MCE Product type: Reference compound1                                                                                                                        |
