| Manufacturer               | MedchemExpress                                                                                                                                                                   |
| Category                   | Biochemikalien                                                                                                                                                                   |
| Product Description        | Pseudoprotodioscin, a furostanoside, inhibits SREBP1/2 and microRNA 33a/b levels and reduces the gene expression regarding the synthesis of cholesterol and triglycerides[1].... |
| Molecular Weight           | 1031.18                                                                                                                                                                          |
| Purity                     | 99.17                                                                                                                                                                            |
| CAS Number                 | [102115-79-7]                                                                                                                                                                    |
| Formula                    | C51H82O21                                                                                                                                                                        |
| Target                     | Fatty Acid Synthase (FASN),MicroRNA                                                                                                                                              |
| Application Notes          | MCE Product type: Natural Products                                                                                                                                               |
