| Alternative Catalog Number | MCE-HY-P77618-50UG,MCE-HY-P77618-20UG                                                                                                                                                                                                             |
| Manufacturer               | MedchemExpress                                                                                                                                                                                                                                    |
| Category                   | Proteine/Peptide                                                                                                                                                                                                                                  |
| Product Description        | CD5 Protein lacks conserved residue(s) essential for feature annotation propagation. CD5 Protein, Rhesus Macaque (HEK293, His-Avi) is the recombinant Rhesus Macaque-derived CD5 protein, expressed by HEK293 , with C-Avi, C-His labeled tag.... |
| Molecular Weight           | 55-60 kDa                                                                                                                                                                                                                                         |
| Purity                     | 95                                                                                                                                                                                                                                                |
| Formula                    | /((Gene_ID)F6V5Q9 (R25-P375)(Accession)                                                                                                                                                                                                           |
| Application Notes          | MCE Product type: Recombinant Proteins                                                                                                                                                                                                            |
