| Manufacturer               | MedchemExpress                                                                                                                                                                           |
| Category                   | Kits/Assays                                                                                                                                                                              |
| Product Description        | 2-Naphthalenemethanol is the metabolite of environmental pollutant 2-methylnaphthalene. 2-Naphthalenemethanol covalently binds to alveolar protein and induces pulmonary toxicity[1].... |
| Molecular Weight           | 158.20                                                                                                                                                                                   |
| Purity                     | 99.50                                                                                                                                                                                    |
| CAS Number                 | [1592-38-7]                                                                                                                                                                              |
| Formula                    | C11H10O                                                                                                                                                                                  |
| Target                     | Endogenous Metabolite                                                                                                                                                                    |
| Application Notes          | MCE Product type: Biochemical Assay Reagents                                                                                                                                             |
