| Manufacturer               | MedchemExpress                                                                                                                                       |
| Category                   | Kits/Assays                                                                                                                                          |
| Product Description        | 6-Chloropyridin-3-amine is a biochemical reagent that can be used as a biological material or organic compound for life science related research.... |
| Molecular Weight           | 128.56                                                                                                                                               |
| Purity                     | 99.97                                                                                                                                                |
| CAS Number                 | [5350-93-6]                                                                                                                                          |
| Formula                    | C5H5ClN2                                                                                                                                             |
| Target                     | Biochemical Assay Reagents                                                                                                                           |
| Application Notes          | MCE Product type: Biochemical Assay Reagents                                                                                                         |
