## Product Datasheet

### 1,4-Bis(diphenylphosphino)butane, CAS [[7688-25-7]]

### MCE-HY-W007569

|                            |                                                                                                                                                               |

| Category                   | Kits/Assays                                                                                                                                                   |
| Product Description        | 1,4-Bis(diphenylphosphino)butane is a biochemical reagent that can be used as a biological material or organic compound for life science related research.... |
| Molecular Weight           | 426.47                                                                                                                                                        |
| Purity                     | 98                                                                                                                                                            |
| CAS Number                 | [7688-25-7]                                                                                                                                                   |
| Formula                    | C <sub>28</sub> H <sub>28</sub> P <sub>2</sub>                                                                                                                |
| Target                     | Biochemical Assay Reagents                                                                                                                                    |
| Application Notes          | MCE Product type: Biochemical Assay Reagents                                                                                                                  |
