| Manufacturer               | MedchemExpress                                                                                                                                                       |
| Category                   | Kits/Assays                                                                                                                                                          |
| Product Description        | 4-(Aminomethyl)benzotrile hydrochloride is a biochemical reagent that can be used as a biological material or organic compound for life science related research.... |
| Molecular Weight           | 168.63                                                                                                                                                               |
| Purity                     | 99.91                                                                                                                                                                |
| CAS Number                 | [15996-76-6]                                                                                                                                                         |
| Formula                    | C8H9CIN2                                                                                                                                                             |
| Target                     | Biochemical Assay Reagents                                                                                                                                           |
| Application Notes          | MCE Product type: Biochemical Assay Reagents                                                                                                                         |
