| Category                   | Kits/Assays                                                                                                                                      |
| Product Description        | 2-Aminobenzophenone is a biochemical reagent that can be used as a biological material or organic compound for life science related research.... |
| Molecular Weight           | 197.24                                                                                                                                           |
| Purity                     | 99.96                                                                                                                                            |
| CAS Number                 | [2835-77-0]                                                                                                                                      |
| Formula                    | C13H11NO                                                                                                                                         |
| Target                     | Biochemical Assay Reagents                                                                                                                       |
| Application Notes          | MCE Product type: Biochemical Assay Reagents                                                                                                     |
