| Manufacturer               | MedchemExpress                                                                                                           |
| Category                   | Biochemikalien                                                                                                           |
| Product Description        | m-PEG2-CH <sub>2</sub> CH <sub>2</sub> COOH is PEG-based based PROTAC linker can be used in the synthesis of PROTACs.... |
| Molecular Weight           | 192.21                                                                                                                   |
| Purity                     | 97                                                                                                                       |
| CAS Number                 | [209542-49-4]                                                                                                            |
| Formula                    | C <sub>8</sub> H <sub>16</sub> O <sub>5</sub>                                                                            |
| Target                     | PROTAC Linkers                                                                                                           |
| Application Notes          | MCE Product type: Reference compound                                                                                     |
