| Manufacturer               | MedchemExpress                                                                      |
| Category                   | Biochemikalien                                                                      |
| Product Description        | KUNB31 is a selective inhibitor of SP90beta with an Kd value of 0.18 $\mu$ M[1].... |
| Molecular Weight           | 322.36                                                                              |
| Purity                     | 98.9                                                                                |
| CAS Number                 | [2220263-80-7]                                                                      |
| Formula                    | C19H18N2O3                                                                          |
| Target                     | HSP                                                                                 |
| Application Notes          | MCE Product type: Reference compound                                                |
